Torq N Seal Tube Sheet Plug Installation Procedure

- 1) Insert correct size and alloy Torq N Seal Tubesheet plug into hole with tube removed.
- 2) Insert plug into the tubesheet until the flange touches tubesheet face. Be sure that eccentric wheel is still located into the tubesheet area.
- 3) Gently turn the plug with the hex driver provided in order to lock it in place.
- 4) Refer to standard torque vales for size and alloy for final torquing.
